

Hello Surveying Associations!

My name is Virginia and I'm the Secretary/Treasurer for the Future Surveyors Foundation (a non-profit organization that supports diversity and inclusion in surveying and geospatial engineering professions). If you haven't heard, the Future Surveyors Foundation is hosting a virtual Women Surveyors Summit this July. We need your help! I'm inviting your association to help spread the word to the women land surveyors of your membership. If you have an email distribution list, surveying publication/magazine, or website...would you mind sharing a link for the Women Surveyors Summit event?

I've included a summary of the event below, if you would like to post information in an article format. I've also included a sponsor form too, in case you wanted to distribute it to your membership. Thank you in advance, any help promoting this event is greatly appreciated by the Future Surveyors Foundation. Let me know if you have any questions!
